

Drawing & Painting Class

ART
FOR
ALL

Do you have a young artist that loves to draw and paint? In our one week camp, we will create simple drawings from nature based themes. We will paint our drawings with various methods, including acrylic, tempera and watercolors. Each class is thoughtfully designed to teach drawing and painting basics with a step – by step process. Art for All classes provide a warm and enriching environment where every student is encouraged to express themselves.

Every child will leave each class with one or more masterpieces.
